X90 Scavenger

### Power Accessories

NSN: 6130-01-606-3735

The X90 Scavenger provides power to the recommended chargers which charge a large array of military batteries.

The X90 Scavenger can take power from a non-rechargeable X90 battery such as the BA-5590 or BA-5390. Most BA-5390s are discarded with more than 30% energy remaining. The X90 scavenger maximises the use of a BA-5390.
