

## HA338

VHF elevated whip antenna, dipole, mast mounted, 8.1 m,  
151.7–153.9 MHz

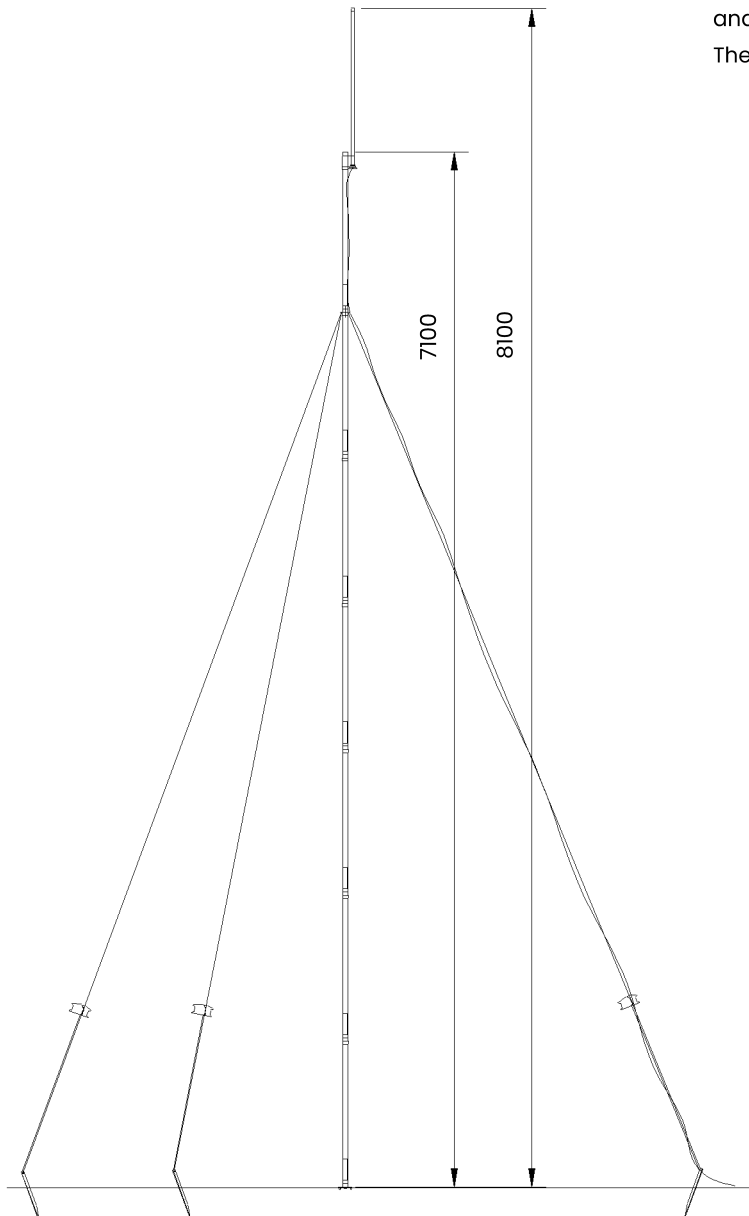

### Tactical Antennas: Tactical and Base Station

## Application

The HA338 is the combination of a very lightweight mast, the Comrod AMX70 with a lightweight VHF antenna. The mast, antenna and accessories are packed in one bag with shoulder strap.

The HA338 system is easily carried and erected by one person.
