

## MRC-RMT0003

Vehicular Mount for UPU Series Power Supply and Transceiver  
**Vehicle Integration**

### Overview

The MRC-RMT0003 allows for easy installation of transceivers with attached power supplies/power adaptors to be used in vehicle/shelter installations. Integrated shock/vibration mount protects equipment from shock and vibration with integrated isolators between bottom mounting plate and equipment mounting tray. The MRC-RMT0003 is equipped with security cable to secure radio to the mount.

The MRC-RMT0003 features a quick-release latch that can be operated with one hand, making it ideal for "jerk-and-run" situations. The included steel security cable allows the radio and power supply to be locked to the mount.

MRC-UPU0003 Power Supply (not included)

### Features

- Protects AN/PRC-117G radio from shock and vibration
- Quick-release latch can be operated with one hand
- Security cable allows radio and power supply to be locked to mount
- Rugged construction
