

TACMIC CT1

Tactical Speaker Microphone
Speakers and Accessories

The TACMIC CT1 is a tactical speaker microphone for use by tactical units to enhance communication performance in conventional and bio-chemical operations.

It is flexible enough to meet the users changing needs and allows the user to remain focussed on their objective, whilst remaining in constant communication with colleagues.

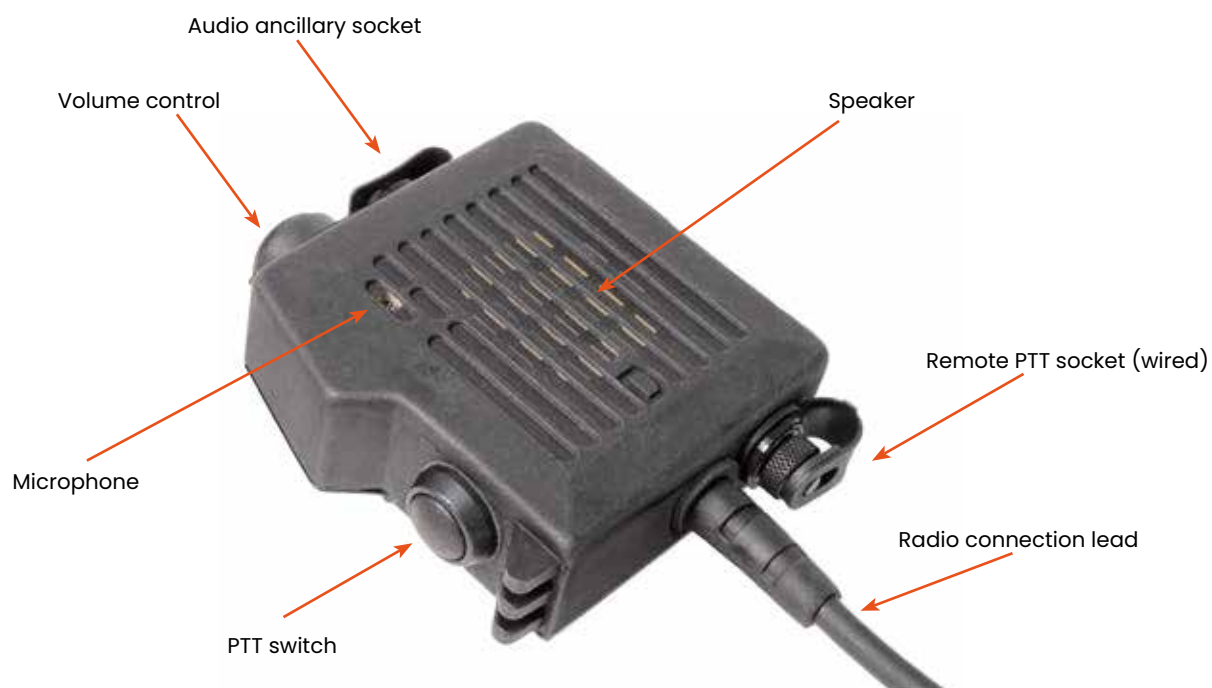

TETRA/TETRAPOL Compatibility

With the introduction of digital radio networks, TACMIC CT1 is now available in TETRA/TETRAPOL compatible versions. These allow access to network features, including an end of call button, emergency response button/officer down.

Features

- Built-in speaker and microphone
- Remote PTT
- Audio ancillary socket for connection to other audio ancillaries
- Volume control adjustment
