Mr Todd Williams
Director
Eylex Pty Ltd
9/10 Anella Avenue,
Castle Hill, NSW 2154

Dear Mr Williams,

**CONFIRMATION OF THE MARITIME CROSS-PLATFORM SYSTEM PROGRAM
OFFICE TECHNICAL SUPPORT AGENCY EVALUATION – EYLEX PTY LTD**

On the 8th August 2018, the Maritime Cross Platform Systems Program Office (MCPSP0) representatives conducted a Technical Support Agency (TSA) evaluation at your Castle Hill, NSW site.

This evaluation was to verify and validate any formal arrangements with Original Equipment Manufacturers (OEM) or evidence that your company is the OEM.

During the evaluation our audit team was presented with a comprehensive presentation of Eylex's business structure and procedures, Quality Management System (QMS), products and technical capabilities. Furthermore evidence of distribution agreements Eylex Pty Ltd has with OEM's.

Eylex demonstrated a high level of experience and commitment to maintaining a quality management system with defined responsibilities, contract review procedures and quality planning, comprehensive inspection and testing procedures, and control of quality records.

Eylex been accepted as the Maritime Cross Platform Systems Program Office (MCPSP0) Engineering Support Agency (ESA), Maintenance Support Agency (MSA) and Supplier Support Agency (SSA).

The Commonwealth is confident that Eylex Pty Ltd can satisfy requirements of Defence seaworthiness as part of MCPSP0 Technical Support Network (TSN).

Your sincerely,

N. GOLD
