

RMI

Radio Audio Monitor

Speakers and Accessories

Intended for voice monitoring and the operation of connected radios. Makes the work of radio operators easier, helping to ensure that missions are successful.

An effective solution for vehicles that are not equipped with an intercom system. Also applicable for command and control posts, shelters, etc.

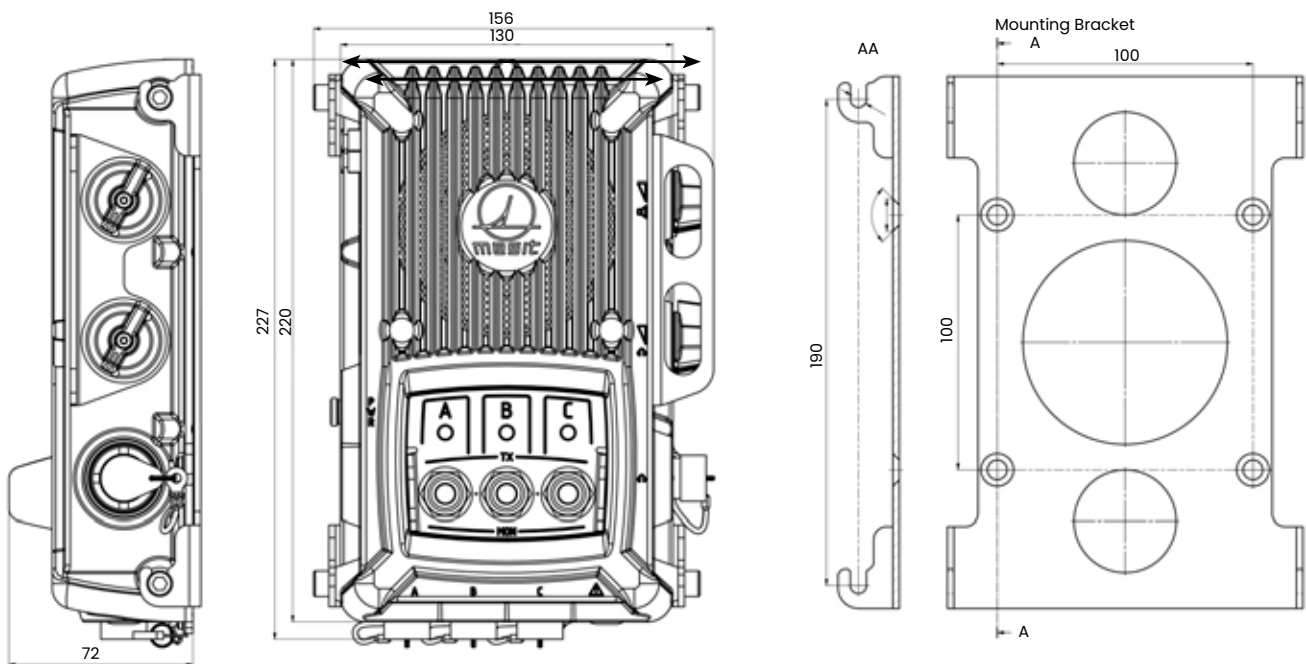

- For the crew of tactical vehicles and command posts
- Easy operation and installation
- Minimal training required
- Built-in amplified loudspeaker
- Volume control
- Visual indication of radio activity
- Keying and transmitting radio selectors
- Interface for microphone (handset or headset)
- Emergency call function for simultaneous transmission to all radios
- Software defined parameters
